

HEBS Lagos 2026 Concept Note

Inaugural Lagos Edition

October 23 to 25, 2026, Lagos, Nigeria

Official concept note prepared for partners, exhibitors, sponsors, and media.

Event Overview

The Hair Education Beauty Summit (HEBS) is an international platform for beauty, culture, and creative enterprise. HEBS launched in **New Jersey, USA in 2024** and returned in **2025 with a sold-out edition** that established its reputation internationally.

In 2026 the summit comes home. **HEBS Lagos 2026** is the inaugural Nigerian edition: three days of education, competition, exhibition, and cultural programming, hosted at two venues on the Lekki-Epe corridor of Lagos.

The Lagos edition is broader than the editions before it. Alongside hair, barbering, braiding, makeup, nails, and fashion, the 2026 programme adds **cultural food and live music competition**, and is built in partnership with the tourism and hospitality identity of the Epe region that hosts it.

The summit brings together the full value chain of the beauty and creative economy under one roof, including hairstylists, barbers, braiders, makeup artists, nail technicians, fashion designers, chefs, caterers, seafood and cultural food vendors, vocalists and music creatives, educators, salon owners, manufacturers, distributors, investors, tourism and hospitality stakeholders, and brand leaders from Nigeria, across Africa, and the diaspora.

It is where **education meets opportunity, creativity meets commerce, culture meets industry, and Nigerian talent connects with the global marketplace.**

Theme and Positioning

Where Nigeria's Beauty Industry Meets the World.

Education, innovation, competition, business, and culture, all under one roof.

HEBS Lagos is built as a platform for Nigeria's beauty and creative industries, positioning the country as a serious destination for beauty, culture, entrepreneurship, and international collaboration.

The 2026 edition widens that platform. Beauty, fashion, hair, food, music, tourism, and hospitality are not separate economies in Nigeria. They are the same creative economy, powered by the same entrepreneurs, serving the same audience, and carrying the same cultural story. HEBS Lagos 2026 programmes them together: the salon floor, the kitchen, the runway, and the stage in one venue, across one weekend.

The 2026 edition is also a homecoming. An industry built and proven in the diaspora returns to the culture that shaped it, bringing international standards, international buyers, and international attention with it, and doing so in a region of Lagos whose own identity is built on tourism, hospitality, fishing, and food.

What Sets HEBS Apart

1. **Industry fusion.** A single platform where hairstylists, barbers, braiders, makeup artists, nail technicians, fashion designers, chefs, cultural food vendors, vocalists, and educators work alongside each other and alongside global influencers, rather than in separate events.
2. **Practical education.** Sessions are built around technical skills and real business application, so what attendees learn can be used immediately.
3. **A serious competition purse.** An **\$80,000 USD (₦112,000,000)** cumulative championship prize pool, the largest in African beauty competition, staged as a full production with music, lighting, and a live audience.
4. **Culture on the programme, not on the poster.** Local food, seafood heritage, and live music are competition categories in their own right, with their own judges, their own stage time, and their own prizes.
5. **International exchange.** Global beauty trends brought to Lagos and blended with African influence, creating genuine creative exchange and new commercial contacts.

Objectives

HEBS Lagos 2026 is built to deliver against seven objectives.

1. **Bridge education with opportunity.** Deliver technical training, mentorship, and access to current global trends and product innovation for Nigerian and African professionals.
2. **Connect professionals worldwide.** Create a hub where stylists, barbers, braiders, makeup artists, nail technicians, chefs, music creatives, educators, and brand leaders can meet and build lasting commercial relationships.
3. **Showcase and reward excellence.** Stage Africa's highest-value beauty championship, giving strong talent a professional platform, credible judging, and real exposure.
4. **Drive commercial growth.** Connect exhibitors, manufacturers, distributors, and food and hospitality vendors directly to a concentrated, qualified audience and to new distribution channels.
5. **Celebrate and commercialise local culture.** Give the food, seafood, music, and hospitality traditions of the host region a professional competitive platform, and turn cultural pride into visibility, bookings, and business for local vendors and creatives.
6. **Position Lagos internationally.** Establish the city, and the Lekki-Epe tourism corridor within it, as an emerging beauty, culture, and destination-event location that attracts delegates, media, and investment.
7. **Support the next generation.** Help keep the future of beauty, grooming, fashion, food, and creative enterprise in Nigeria inclusive, innovative, and grounded in technical skill.

Target Audience

Expected attendance is 3,000+ beauty, culture, and creative professionals, educators, creators, and consumers from Nigeria, West Africa, and the wider HEBS community, including international competitors and delegates from the United States, the United Kingdom, and across West Africa.

Professional Attendees

Salon owners, master stylists, barbers, braiders, makeup artists, nail technicians, natural hair stylists, locticians, fashion designers, fashion stylists, creative directors, beauty educators, students, and apprentices.

Food and Hospitality Attendees

Food vendors, chefs, caterers, seafood vendors, cultural food entrepreneurs, restaurateurs, catering businesses, and hospitality operators.

Music and Performance Attendees

Vocalists, music creatives, performers, producers, artist managers, and entertainment professionals.

Commercial and Institutional Attendees

Global beauty brands, investors, manufacturers, distributors, brand founders, creative entrepreneurs, tourism and hospitality stakeholders, and industry media.

Community and Cultural Audience

The Epe community and its cultural representatives, beauty and food consumers, cultural attendees, and the wider Lagos creative community, drawn by the competition production, runway presentations, cultural food programming, and pre-party programming.

Epe Cultural and Tourism Activation

HEBS Lagos 2026 is hosted on the Lekki-Epe corridor, in a part of Lagos State known for its tourism and hospitality economy, its fishing communities, and one of the strongest seafood and cultural food traditions in the country. The 2026 edition is built to reflect that identity rather than sit apart from it.

Two new competition categories carry the activation. The **Taste of Culture Food Tasting Competition** puts Epe's seafood and cultural cooking on a judged stage in front of thousands of attendees, and the **Mic Drop Vocalist Competition** gives local and visiting vocal talent a professional main-stage platform. Both categories are held on the exhibition days, in the same venue, in front of the same audience, judges, sponsors, and media as the beauty championships.

The intent is straightforward. Cooks, caterers, seafood vendors, cultural food entrepreneurs, vocalists, and music creatives receive the same standard of platform, judging, production, and commercial exposure that HEBS already gives to stylists, barbers, and braiders.

A proposed Epe community sponsorship will support **up to 200 contestants** by covering their entry participation, creating access for local talent and strengthening community participation. Contestant allocation across categories will be confirmed with the sponsor ahead of registration.

Beyond competition, the activation is designed to deliver measurable local value: visibility for Epe as a destination for food, hospitality, and cultural tourism; trade for local food vendors, caterers, transport operators, and hospitality businesses across the event weekend; a route to market for cultural food entrepreneurs seeking catering contracts, retail listings, and media coverage; and a recurring annual platform that returns to the region each year rather than a single visit.

Competition Categories

HEBS Lagos 2026 stages **five competition tracks**: three Signature Competitions, the Barber Championship, the Braiding Championship, the Taste of Culture Food Tasting Competition, and the Mic Drop Vocalist Competition. The three championship tracks carry a combined prize pool of **\$80,000 USD (₦112,000,000)**.

Signature Competitions

Live Championship Finals, October 25, 2026, at NJS Royale Events Center.

Combined prize pool: \$22,500 USD (₦31,500,000), which is \$7,500 (₦10,500,000) per category.

Prizes per category: 1st place \$4,000 (₦5,600,000), 2nd place \$2,500 (₦3,500,000), 3rd place \$1,000 (₦1,400,000).

Fashion Runway Competition: **Roots to Royalty**

Roots to Royalty celebrates the journey from cultural heritage to modern-day royalty. Designers create an original, runway-ready look inspired by ancestry, legacy, leadership, and the spirit of Lagos, using regal silhouettes, bold colour, rich fabric, cultural influence, symbolic detail, and statement accessories. Each look should honour its roots while presenting a fresh, elevated take on royalty, with cultural inspiration represented thoughtfully and respectfully.

Makeup Artistry Competition: **Bridal Beauty**

Bridal Beauty focuses on creating a radiant, elegant, wedding-ready look. Artists present their interpretation of the modern bride while complementing the model's features, skin tone, and personal beauty, anywhere from soft and timeless to bold and glamorous. Judged on complexion work, balanced colour, clean application, attention to detail, and long-lasting wear.

Nail Artistry Competition: **Gilded Heritage**

Gilded Heritage explores culture, craftsmanship, and luxury through nail design. Artists create a complete set inspired by heritage, traditional patterns, precious metals, textiles, jewellery, and cultural detail, using rich colour, gold accents, sculpted elements, intricate pattern, embellishment, and creative texture. The finished set should be original, balanced, technically clean, and a modern take on culture and elegance.

Live round judging: creative concept and storytelling 30 percent, technical skill and precision 25 percent, visual impact and innovation 25 percent, stage presence and performance 20 percent. Each finalist has five minutes on stage in front of the judges, media, sponsors, and a live audience.

Barber Championship

October 24, 2026, at NJS Royale Events Center.

Track prize pool: \$27,500 USD (₦38,500,000) across four divisions.

Official Equipment Partner: Men't Pro Tools™. All competitors use HEBS-supplied clippers and trimmers on stage. Personal cutting machinery is not permitted.

Division	Format	Prize Pool
Fast & Flawless Challenge™ , the speed competition	Solo, 15 min	\$5,000 / ₦7,000,000

Freestyle Braid Art Championship™ , creativity without limits	Solo, 75 min	\$10,000 / ₦14,000,000

Africa's premier braiding competition, celebrating the skill, creativity, speed, and innovation of professional braiders from across Africa and beyond, while honouring one of the oldest beauty traditions. Open to professional and student braiders, salon owners, natural hair stylists, locticians, and international competitors. Minimum age 16.

Taste of Culture Food Tasting Competition

October 24 and 25, 2026, at NJS Royale Events Center.

Entry fee: **\$100 USD / ₦140,000.**

Awards: **up to \$10,000 USD (₦14,000,000)** in cash prizes.

Present your best cultural signature dish. Taste of Culture is a cultural food competition built around the seafood and fish traditions that Epe and its fishing communities are known for, and around the wider cultural cooking of Lagos and Nigeria. Competitors prepare and present a signature dish for tasting on the exhibition floor across both event days.

Two awards are contested. **Judges’ Choice** is decided by a professional panel assessing flavour, technique, presentation, and the cultural story behind the dish. **People’s Choice** is decided by the summit audience, giving attendees a direct vote in the outcome.

Open to chefs, caterers, restaurateurs, seafood and cultural food vendors, catering businesses, and home cooks. Competition format, tasting logistics, and full judging criteria are confirmed on the official registration portal.

Mic Drop Vocalist Competition

October 24, 2026, at NJS Royale Events Center.

Entry fee: **\$50 USD / ₦70,000.**

Awards: **up to \$5,000 USD (₦7,000,000)** in cash prizes.

Mic Drop is a live vocal competition staged on the HEBS main stage, in front of the judges, sponsors, media, and the full summit audience. Competitors perform live and are judged on vocal ability and performance, competing for up to \$5,000 in cash prizes.

Open to vocalists and music creatives from Lagos, across Nigeria, and beyond, at professional and emerging level. Performance format, round structure, judging criteria, and time allowance are confirmed on the official registration portal.

Expected Impact

HEBS Lagos is not only a competition. It is an **economic development platform** intended to help Nigerian and African talent build recognised brands through education, investment, innovation, tourism, food, manufacturing, and international partnership.

Economic Empowerment

A platform that supports entrepreneurs, creates jobs, and drives business growth across Nigeria's beauty, food, and creative industries by connecting practitioners to training, capital relationships, and the market access they need to scale.

Tourism and Investment

Attracting international visitors, delegates, competitors, and foreign investment to Lagos, positioning the city and the Lekki-Epe corridor as an emerging beauty, culture, and destination-event location, with direct spillover into hospitality, food service, transport, and local commerce in the host community.

Trade and Partnerships

Strengthening international trade by connecting Nigerian manufacturing, distribution, product innovation, and cultural food enterprise to global markets, buyers, and distribution partners.

Industry Development

Raising the technical standard of the sector through strong education and international benchmarking, and building a repeatable annual platform that grows in value for participants, brands, and the host region each year.

HEBS Lagos 2026 is designed to become **Nigeria's premier annual beauty, fashion, culture, and creative industries summit**, and an anchor event on the African and international industry calendar.

Registration and Participation
